

swingcatalyst

COMPLETE SWING ANALYSIS INTEGRATED INTO THE FULL SWING GOLF SIMULATOR.

KNOW YOUR SWING.

+ The only system with multiple camera angles, fully automated lighting, balance and weight transfer analysis, and ball flight data – all synchronized and displayed in one sophisticated, yet simple software interface.

COMPLEX DATA IN A CLEAN, SOPHISTICATED INTERFACE SWING CATALYST SOFTWARE

Stores and organizes all recorded swings and data.

Utilize drawing tools, side-by-side comparison, model swings, and a simple-to-use library.

Ball flight data and visual representations are fully synchronized and incorporated into the software for complete analysis.

Highly intuitive and easy-to-use interface.

WHAT ARE MY CHOICES?

Full Swing Golf offers several different configurations of the Swing Catalyst system to meet your needs and budget. Please contact your sales representative to discuss your options and space.

All packages listed below are completely integrated into the Full Swing Golf simulator.

High Speed Camera Packages

Package 1a

\$9,995

- One High-Speed Camera
- Swing Catalyst Pro Studio Software
- High-Performance Computer
- Touchscreen
- Lighting Automation

We use Energy Efficient, Zero Heat LED Lighting.

Package 2a

\$11,995

- Two High-Speed Cameras
- Swing Catalyst Pro Studio Software
- High-Performance Computer
- Touchscreen
- Lighting Automation

We use Energy Efficient, Zero Heat LED Lighting.

Package 3a

\$13,995

- Three High-Speed Cameras
- Swing Catalyst Pro Studio Software
- High-Performance Computer
- Touchscreen
- Lighting Automation

We use Energy Efficient, Zero Heat LED Lighting.

Balance Plate + Camera Packages

Package 1b

\$19,995

- Two High-Speed Cameras
- One Balance Plate
- Swing Catalyst Pro Studio Software
- High-Performance Computer
- Touchscreen
- Lighting Automation

We use Energy Efficient, Zero Heat LED Lighting.

Package 2b

\$21,995

- Three High-Speed Cameras
- One Balance Plate
- Swing Catalyst Pro Studio Software
- High-Performance Computer
- Touchscreen
- Lighting Automation

We use Energy Efficient, Zero Heat LED Lighting.

Package 3b

\$29,995

- Three High-Speed Cameras
- Two Balance Plates
- Swing Catalyst Pro Studio Software
- High-Performance Computer
- Touchscreen
- Lighting Automation

We use Energy Efficient, Zero Heat LED Lighting.
